Commissioner for Patents

The amendment document filed on 11 October 2007 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required. Each claim has not been provided with the proper markings. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. Claim 44 currently has subject matter indicated as both added and deleted, i.e. the subject matter is both underlined and marked by strike-through. See the first listed compound of claim 44. If this subject matter is intended to be added, it should only be underlined. If this subject matter is intended to be deleted, it should be marked by strike-through only. For further explanation of the amendment format required by 37 CFR 1.121, see MPEP 714. Applicant is given one month, or thirty days, whichever is longer, from the mail date of this notice to supply the correction. The correction required is only the corrected section of the non-compliant amendment in compliance with 37 CFR 1.121, i.e. in the instant case a complete claim set with claim 44 corrected. Extensions of time are available under 37 CFR 1.136(a). Failure to timely respond to this notice will result in abandonment of the application.

Conclusion

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Rebecca L. Anderson whose telephone number is (571) 272-0696. Mrs. Anderson can normally be reached Monday through Friday 5:30AM to 2:00PM.

If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's supervisor, Mr. Joseph K. McKane, can be reached at (571) 272-0699.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
